HOLIDAY IN YOUR OWN BACKYARD

Australia’s leading range of modular pools, now powered by Waterco
Whitehaven

Through careful design and attention to detail, Sterns Pools have created a modular pool that is highly resistant to corrosion and suitable for saltwater or liquid chlorine. We have achieved this by replacing traditional metallic components with resin parts and adding extra protection to any non-replaceable metallic components. With a 10 year limited warranty, your Whitehaven pool is sure to give you years of pleasure.

Features

- Resin top coping replaces metal - rounded for safety and ribbed for grip
- Resin vertical posts replace metallic posts
- Top coping and vertical posts are fully UV-treated for the demands of the Australian climate
- Metallic components have been electro-coated for added protection to the existing galvanic protection
- Updated resin post plates and top rails
- Australian Made
- Stainless steel screws & marine grade nuts and bolts - designed for saltwater use

Bondi

The Bondi pool is Australia’s strongest modular pool and has been designed to give you years of hassle-free enjoyment. Featuring a braceless structure, the Lindeman is constructed from the highest quality materials from BlueScope Steel and is engineered for both inground and above ground installations.

Features

- Square non-slip 170mm wide top coping
- Braceless design minimises excavation and creates a streamlined look when installed above ground
- 1.2m birch grey walls & white framework
- True 0.5mm heavy duty liner as standard
- Galvanised steel
- Australian Made
- Marine grade nuts and bolts - designed for use around water

The Portsea is a pool combining the best aspects of the Bondi, while catering for those on a tighter budget. While maintaining the same slimline posts and framework, we have paired it with its own unique wall, giving the pool a sleeker look and making it perfect for any modern backyard. The Portsea pool has been engineered for above or inground installation and comes with a 10 year pro-rata warranty.

**Features**

- Unique 100mm top coping delivers strength and safety
- Slimline posts maintain pool strength
- Braced structural design
- Birch Grey 1.2m wall height creates a streamlined look
- Durable 0.5mm liner
- Made in Australia
- Marine grade nuts and bolts - designed for use around water

Modular Pools

Over 40 years experience

Throughout our company’s history, Sterns Pool have earned a reputation as the market leaders in modular pools of the finest quality and durability. After more than three decades in business, we find that the adult children of our early customers are now choosing a Sterns Pool for their own family. We are proud of this and take it as evidence of the reliability, value and quality of our range of modular pools and liners.
Pool Access Options

The Curve Step System

- Four tread unit for Modular Pools
- Eye-catching, graceful sloping handrails
- Two tone colour - grey tread with warm grey (beige) sidewalls and handrails to complement any pool
- Weight limit 160kg

Stainless Steel In-deck Ladder

The perfect choice for swimming pools installed inground or decked. These ladders offer rigid stability and are a stylish design.

A-frame Ladder

- Height adjustable legs ensure a level entry into the pool
- Removable entry stairs stop unauthorised access to your pool
- Extra high handles provide comfortable and stable access
- Strong structural construction support users up to 120kg

In-deck Ladder

- Extra high, extra strong climb rails allow stable hand placement and more support
- Adjusts to virtually any pool deck height
- High density, structural plastic supports user to 110kg

Pool Liner Options

Sterns are the only modular pool manufacturer in Australia to make all our liners in-house, ensuring the highest standards of workmanship and a perfect fit for every pool.

Our liners are suitable for use in both chlorinated and salt water pools.
