EFFORTLESS CLEANING

THE LATEST

HYBRID TECHNOLOGY

The rX-Tank combines the methodical coverage of a robotic cleaner with the robustness of a suction cleaner, for a truly automatic and hassle-free pool cleaning experience. The rX-Tank never gets stuck. As it moves it draws water from all over your pool and sends it to the pool's filter and sanitiser, preventing dead spots. This daily clean and circulation creates a healthy pool that's always jump-in ready.

2 AND 10 YEAR WARRANTY
rX-Tank is covered by a 2-year Full System Warranty and 10-year Flow Turbine Warranty. These extended warranties are your guarantee for years of reliable, continuous performance.
